

Gym Usage Guidelines

The Recreational program has continued to partner with the Tyngsboro schools to try to control escalating costs. To assist, we have assembled the following guidelines to reduce the custodial burden from our program. We appreciate your adherence to these guidelines.

1. The schools, other than the gym areas, are off-limits. During your assigned time, all participants and spectators must remain inside the gym except to get a drink or to go to the restroom. Please refrain from lingering in the hallways or entranceways to the gyms.
2. Best if parents try to refrain from bringing siblings and friends especially to practice sessions. Children must be supervised by the person responsible for them at all times, especially when they leave the gym for whatever reason.
3. No food or drinks other than water is permitted inside the gyms at any time. Please remove all trash and other items from the gym when completed.
4. Please keep to your time assignments and promptly leave the gym at the end of your assigned time. Once your time is up, please put away balls and let the next team onto the floor or at the end of the day, let the custodians onto the floor to clean. In all cases, everyone should be out of the gym within 10-15 minutes after the completion of your scheduled time.
5. If possible, please have players carry their sneakers to the gyms and put them on when inside. This prevents tracking in dirt, water, sand, and salt lengthening the period between floor cleanings and resurfacing.
6. We have been requested that each time period have a single assigned person to coordinate with the head custodian. If for some reason, there is a need for a custodian, that assigned person is to be the one that does the coordination. See your team's coach for whom has been assigned. Please refrain from any non-Basketball related requests (e.g., access to locker for homework). Remember the schools are off-limits.

Thank you for your continued support,
